

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

1 Product and Company Identification

1.1 Product identification

Product name: BE LTA TRAP 0.5
Product identifier: TRAP-Reagent 0.5 mM
Ref. No. : 057641
CAS No. : Not applicable

1.2 Relevant identified uses of the substance or mixture and uses advices against

for in vitro use only following Chapter 7.3 and 16.1. Any other use is disadvised.

1.3 Details of the supplier of this safety data sheet

Company Kommanditgesellschaft Behnk Elektronik GmbH & Co.
Hans-Böckler-Ring 27
22851 Norderstedt
Germany
Phone + 49 (40) 529861 10
Fax + 49 (40) 529861 99
E-Mail info@behnk.de

1.4 Emergency call

+ 49 5261 927294 (Mo - Fr 8 am - 5 pm)
Call local authorities alternatively

2 Hazards Identification

2.1 Classification of substance or mixture

This product does not meet the criteria for classification in accordance with regulation No. 1272/2008 EC

2.2 Label elements

None
Signal word: not required
Hazard statements:
Not required
Precautionary statements:
Not required

2.3 Other Hazards

There is no additional hazard information available. This product does not contain any substances or components in amount of 0.1 % or higher that are classified as persistent, bioaccumulating or toxic PBT).

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

3 Composition / Information on ingredients

3.1 Substances

Name:	TRAP6 (Sequenz: SFLLRN), Trifluoracetatsalz
Chemical Formula:	C ₃₄ H ₅₆ N ₁₀ O ₉
Molecular Weight:	748.88
CAS-No.:	141136-83-6
EG-No.:	not applicable
Name:	Bovine Serum Albumine
Chemical Formula:	not applicable
Molecular Weight:	67 kDa
CAS-No.:	9048-46-8
EG-No.:	2329362
Name:	Sodium chloride
Chemical Formula:	NaCl
Molecular Weight:	58.44
CAS-No.:	7647-14-5
EG-No.:	2315983
Name:	N-Hydroxyethyl-Piperazinyl-N'-Ethan sulfonic acid (HEPES)
Chemical Formula:	C ₈ H ₁₈ N ₂ O ₄ S
Molecular Weight:	238.31
CAS-No.:	7365-45-9
EG-No.:	2309079
Name:	ProClin 300
Chemical Formula:	C ₈ H ₁₈ N ₂ O ₄ S
Molecular Weight:	238.31
CAS-No.:	7365-45-9
EG-No.:	2309079
Concentration:	< 0.1 %
H-Phrases	H302, H314, H317, H410
P-Phrases	P260, P280, P301+P312+P330, P303+P361+P353, P304+P340+P310, P305+P351+P338

The full text of the hazard statements is given in section 16.2.

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

4 First Aid Measures

4.1 Description of First Aid measures

General information

If any symptoms occur or when in doubt, consult medical attention and show this safety data sheet, if possible. Do not leave victims unattended.

After inhalation:

Provide fresh air. In case of breathing arrest apply artificial respiration.

After skin contact:

Remove contaminated clothes immediately. Rinse with plenty of detergent and water. In case of skin irritation seek medical advise.

After eye contact:

Rinse immediately with plenty of water for at least 15 min while holding eyelids opened. Remove contact lenses if possible. Continue rinsing. Seek medically attention in any cases, preferably to an ophthalmologist

After ingestion:

Rinse mouth with water. Do not induce vomiting. Immediately seek medical attention. Do not give anything by mouth to an unconscious person.

4.2 Most important symptoms and effects, both acute and delayed

Most important symptoms and effects, if known, are described on the hazardous information label (see chapter 2.2), or are described in chapter 11, respectively.

4.3 Indication of any immediate medical attention and special treatment needed

Increased platelet aggregation may occur after contact with wounds or intrusion in the blood circuit.

5 Fire Fighting Measures

5.1 Extinguishing fire fighting media

Suitable extinguishing media

Product itself is not combustible. Adapt fire fighting measures to the fire surrounding areas. Use water spray, carbon dioxide, foam, dry extinguishing powder Unsuitable extinguishing media Water jet.

5.2 Special hazard arising from the substance or mixture

In case of fire, due to the fire or high temperature, hazardous fumes or gases may be liberated.

Hazardous combustion products:

Carbon monoxide, sulphur oxides.

5.3 Advice for fire fighters

Fight fire with normal precautions from a reasonable distance. If advised, wear self-contained breathing apparatus.

5.4 Additional information

There is no further information available.

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

6 Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Refer to the informations and measures given in chapters 7 and 8. Avoid dust formation. Do not breathe gas/mist/vapours.

6.2 Environmental precautions

No further precautions or measures needed. Avoid release to the environment. Keep product away from drains or other water courses.

6.3 Methods and material for containment and cleaning-up

Do not return spilled material back in original package. Wipe up spilled material with non-woven or other suitable absorbent material. Clean contaminated surfaces with pure water. Dispose the product and any components in suitable, closed and labelled containers. Absorb spillage to prevent material damage. All measures of containment and disposal must be in accordance to local requirements and regulations.

6.4 Cross reference to other related sections

Refer to section 13 for disposal. Refer to section 8 for personal protection.

7 Handling and Storage

7.1 Precautions for safe handling

Do not leave containers opened after use. Do not eat, drink or smoke during working time. Keep away from food, drink and animal feeding stuff. Wash hands before breaks and after work. Avoid contact to skin, mucosa, eyes or lesions. Do not inhale vapors/mists/aerosols. Use ventilation if necessary. Refer to section 2.2 for further safety information.

7.2 Conditions for safe storage, including any incompatibilities

Store chilled at a dry and dark place. Keep all containers tightly closed. Refer to the kit imprint or label for the recommended storage temperature. Keep all components always in their original package. Keep opened containers tightly closed in upright position in order to prevent leakage. Uncompatible materials Strong oxidation agents, strong acids and bases. If used in accordance to specific use mentioned in sections 1.2, 7.3, 16.1, no incompatibilities or hazardous reactions may be expected.

7.3 Specific end use

For in vitro diagnostical use only following the instructions for use of the product.

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

8 Exposure Controls / Personal Protection

8.1 Control Parameters

Occupational exposure limits values (Workplace exposure limits)
No data available.

Biological limit values

No data available.

8.2 Exposure controls

Appropriate engineering controls

Take usual measures for good health and safety, and hygiene practice.

Personal protective equipment

Eye protection

Use safety goggle with side protection. All equipment used must be tested and approved under appropriate government standard such as US-NIOSH or EU-EN 166.

Hand/skin protection

Use gloves made of natural rubber or nitrile rubber in accordance to EU directive 89/686/EWG and EN374 norm. Usage of cotton-made gloves under rubber-made gloves is recommended in order to avoid skin irritation.

Body protection

Wash and dry hands after work and before breaks. Use protective clothes in accordance to the local applicable rules and the specific work place.

Respiratory protection

Respiratory protection is usually not necessary. In case of aerosol or mist formation use dust mask with P2 filter.

Working space with ventilation or a dust extractor is preferred.

Environmental exposure control

Keep away from drains, surface or ground water. Avoid release to the environment.

9 Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

Appearance	colorless or light yellow freeze dried pellet
Physical state	solid
Colour	colourless or light yellow
Odour	odourless
Odour threshold	not applicable
pH value	7 ... 8
Melting point / range	not applicable
Softening point	not applicable
Initial boiling point / range	not determined
Flash point	not combustible
Evaporation rate	not determined
Vapour pressure	not determined
Vapour density	not determined
Flammability	not combustible
Ignition point	not relevant
Lower explosion limit	not relevant
Upper explosion limit	not relevant
Relative density	no data available
Bulk density	not determined

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

Water solubility	soluble
Solubility in other solvents	no data available
Partition coefficient: n-Octanol / Water	no data available
Auto-ignition temperature	not combustible
Decomposition point	not determined
Viscosity	not applicable
Explosive properties	not explosive
Oxidizing properties	not oxidizing

9.2 Other information

There are no additional data or information available.

10 Stability and Reactivity

10.1 Reactivity

Stable at storage and usage conditions. By normal use according to the aims mentioned in sections 1.2, 7.3, 16.1, incidental reactions are not to be expected.

10.2 Chemical stability

The product is stable if it is stored and handled under the conditions recommended in sections 1.2, 7.3, 16.1

10.3 Possibility of hazardous reactions

If the product is stored, used and handled for the intended purpose, no hazardous reactions are to be expected.

10.4 Conditions to avoid

Strong basic, acid or oxidizing conditions and heating should be avoided. Not to be expected for intended use.

10.5 Incompatible materials

Strong basic, acid or oxidizing agents, different metals. Not to be expected for intended use.

10.6 Hazardous decomposition products

No decomposition may occur when the product is used for the intended purpose. Hazardous combustion products are listed in chapter 5.2

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

11 Toxicological Information

11.1 Information on Toxicological Effects

Acute Toxicity

Not classified

Skin corrosion/irritation

Not classified

Serious eye damage/eye irritation

Not classified

Respiratory or skin sensitisation

Not classified

Summary of evaluation of the CMR properties

Not classified as germ cell mutagenic, carcinogenic nor as a reproductive toxicant.

Specific target organ toxicity - single exposition

Not classified

Specific target organ toxicity - repeated exposition

Not classified

Aspiration hazard

not classified

Symptoms related to the physical, chemical and toxicological characteristics If swallowed

No data available

If in eyes

Slightly irritant, but not relevant for classification.

If inhaled

Slightly irritant, but not relevant for classification.

If on skin

Slightly irritant, but not relevant for classification.

Other information

See chapter 4.3

12 Ecological information

12.1 Toxicity

Not classified as hazardous for the aquatic environment according to 1272/2008/EC.

12.2 Process of degradability

Not applicable

12.3 Bioaccumulative potential

No data available

12.4 Mobility in soil

No data available

12.5 Results of PBT- and vPvB-assessment

No data available

12.6 Other adverse effects

No data available

12.7 Other information

Do not dispose of the product uncharged in the environment.

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

13 Waste Disposal Considerations

13.1 Waste treatment methods

Product

This product and its container must be treated as hazardous waste in compliance to local and national rules in suitable and tightly closed waste containers. Pay attention to corrosive effects.

Product residue and uncleaned container

Treat like product..

Cleaned packages

May added to general or industrial waste

Recommended cleaning agent

Water without any additives

14 Transport Information

14.1 Road / Rail / Inland waterway (ADR / RID/ADN)

No dangerous goods / not regulated

14.2 Maritime (IMDG)

No dangerous goods / not regulated

14.3 Air (ICAO / IATA)

No dangerous goods / not regulated

14.4 Packaging group

No dangerous goods / not regulated

14.5 Environmental hazards

No dangerous goods / not regulated

14.6 Special precautions for user

None

14.7 Transport in bulk according annex II of MARPOL 73/78 and the IBC-Code

Not applicable, product is not intended to be transported in bulk

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

15 Regulatory Information

- 15.1 Safety, health and environment regulations/legislation specific for the substance or mixture**
EU Regulations
Regulation 649/2012/EU concerning the export and import of hazardous chemicals (PIC)
None of the ingredients are listed. This Safety Data Sheet meets the requirements of regulation (EC) 1907/2006 (REACH).
Regulation 1005/2009/EC on substances that deplete the ozone layer
None of the ingredients are listed
Restrictions according to REACH, Title VIII on the manufacturing, placing on the market and use of certain dangerous substances, mixtures and articles
None
List of substances subject to authorization, REACH Annex XIV/SVHC candidate list
None of the ingredients are listed
Directive 2012/18/EU (Seveso III)
Not assigned
Regulation 166/2006/EC concerning the establishment of a European Pollutant Release and Transfer Register (PRTR)
None of the ingredients are listed
Directive 2000/60/EC establishing a framework for Community action in the field of Water Policy (WFD)
None of the ingredients are listed
Regulation 98/2013/EU on the marketing and use of explosive precursors
None of the ingredients are listed.
Regulation 111/2005/EC on rules for the monitoring of trade between the Community and third countries in drug precursors
None of the ingredients are listed.
Labelling concerning directive 1272/2008/EC
Refer to section 2.2
- 15.2 Chemical Safety Assessment**
For this product, chemical safety assessments were not carried out.
- 15.3 Other information**
No data available

Material Safety Data Sheet

BE LTA TRAP 0.5

according to regulation (EC) 1907/2006 (REACH)

16 Other Information

16.1 Recommended restrictions of use

This product is only for use as in vitro diagnostics for the intended diagnostic purpose following strictly the instructions for use.

16.2 Full text of the hazard statements in section 3.1

H302 Harmful if swallowed.
H314 Causes severe skin burns and eye damage.
H317 May cause an allergic skin reaction.
H410 Very toxic to aquatic life with long lasting effects.
